

YOUR EMERGENCY SMS NOTIFICATION SYSTEM

Turn your cellphone into a personal **PANIC** button, enabling you & family members to contact up to 10 people in seconds, when faced with an emergency

HOME911

Don't find yourself or your loved ones, in a life threatening situation, with no way to alert others that you are in urgent need of help!!!

HOME911 is an EMERGENCY SMS ALERT SYSTEM which enables you to send a distress SMS from your cellphone to 10 nominated alert recipients simultaneously on any network within 30 seconds to notify them you are in an emergency situation and require urgent assistance.

The HOME911 emergency SMS alert system works on all cellphones with a speed dial function

How HOME911 Works

In an emergency, a HOME911 subscriber presses the speed dial button on his/her cellphone. A call is then made to the HOME911 monitoring centre.

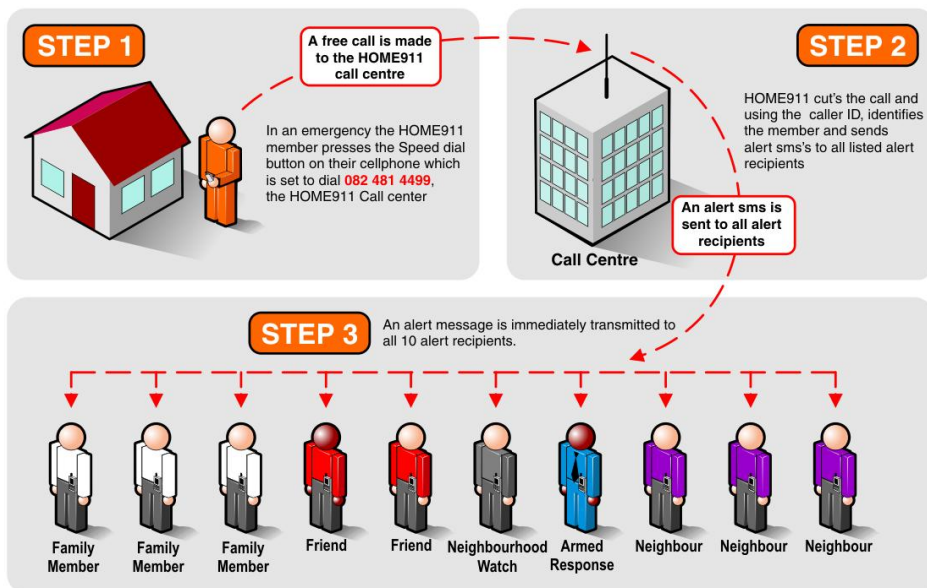

The call rings once, then is disconnected (no charge) and HOME911 then immediately alerts all the subscriber's recipients simultaneously that he/she needs urgent help. "This process is completed in ±30 seconds".

The recipients can then take action in assisting the HOME911 subscriber who is in trouble.

HOME911 logs, confirms and records all SMS deliveries.

With HOME911, thousands of subscribers across South Africa have the peace of mind, that,.... at a touch of a button, they can contact up to 10 people for assistance 24 hours a day, 365 days a year.

HOW HOME 911 WORKS

COSTS

HOME911 works per household / business

The main member, (the HOME911 subscriber) and up to 10 key members. i.e. spouse, children, family members and domestic workers living on the same property or employees working on same premises.

The main member and key members, all have the HOME911 service activated on their cellphones.

For the above, each household/business (the HOME911 subscriber) pays the following:

R75 monthly subscription, including VAT.

The above fees will be deducted via debit order. No HOME911 agents are to receive cash from subscribers.

No contracts: This service is offered to our subscribers on a month to month basis.

No hidden costs

HOME911 works on all networks
